BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsbeft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1204 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

COMPETENT JUDGES.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger,
"Complexion Specialist,
"29½ Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge,
"Beauty Doctor,
"195 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

Another Airship Project.

Frank M. Mahon, of Chicago, president of the Lingren-Mahan Fire Apparatus Company, declared yesterday that in the near future he will start for Washington in an airship of his own making and will reach that city within 10 hours.

"I don't simply promise the success," said Mr. Mahon. "I'll do it. I have studied the aerial-navigation problem for 16 years and I have found its solution beyond the peradventure of a doubt. I can make from 125 to 150 miles an hour in the airship I purpose constructing. Doubters can come to see the start or stand at the finish line, as they will. I shall be at both places in fulfillment of my agreement."

Mr. Mahan's projected airship is to be a flying machine in the true meaning of the phrase. It will have wings like those of a bird, which will furnish the sole progressive motive power. They are to be worked by a gasolene engine.

Frank M. Mahan as an engineer is known all over the United States. He built the Kansas City water works and others, showed the State of New York how to equip its steam canal boats so that the wash from the propellers would not tear out the banks of the States's waterways, originated the high-pressure water system which the City Council proposes to install in Chicago, and has taken out altogether 40 patents, the last being that for his airship.

The flight of birds has been his study for years. He will use a gas chamber to overcome 95 per cent. of the force of the earth's gravity, and the lifting power of the wing strokes, he says, will overcome the remaining 5 per cent.

At the forward end of the gas chamber there will be placed a vane-shaped guide. The force of the air as the machine moves forward will act on the flat surface of the vane, and the airship, it is said, can be depressed or elevated in its course at will. Piston rods will run on each side of the gas chamber from a small gasoline engine in the basket car to the wings and will furnish the motive power for their operation.

Miss Roosevelt Annoyed.

Great annoyance has been occasioned to President Roosevelt and his family by a series of love letters addressed to Miss Alice Roosevelt by a private of the United States army, who, it is said, has been serving a term of imprisonment on Governor's Island, N. Y., for desertion.

The soldier is said to have sent more than a scorce of these letters, in each of which he implores Miss Roosevelt to marry him. The circumstances became known, it is said, only when the man sent a sharp note to Mrs. Roosevelt, in which he said that she was standing between her stepdaughter and himself. This so exasperated the President that he sent a secret service detective to to Governor's Island to investigate.

The detective has been on Governor's Island a number of days and has carefully concealed the object of his mission. He had several conferences with Gen. Frederick D. Grant, as a result of which, it is said, the name of the man who sent the letters is known.

A full report of the investigation was sent to President Roosevelt, and it is believed he advised the appointment of a lunacy board, for one was appointed a few days after he had been acquainted with the facts.

In the letters the writer declared he was desperately in love with Miss Roosevelt, although he had met her but once. He said he would never forget the smile she accorded him when they met. He boldly addressed her as "Alice" in the missives and implored her to marry him, asserting that he could be happy with no one else.

Miss Roosevelt is now in Japan, and it is improbable that she knows anything of the incident.

Chinese Want Open Door.

Some doubt is expressed in official circles whether it will be possible to obtain China's consent to another treaty with the United States providing for even the exclusion of Chinese laborers only from this country.

The State Department is aware of the ill feeling throughout China on the whole subject, and now that the immigration treaty with China has been allowed to lapse without the negotiation of a new agreement reports have reached Washington that China is inclined hereafter to refuse to sign any similar convention.

China's position appears to be that the exclusion of Chinese citizens from a friendly country is in itself a disgrace, and while she cannot ignore the laws of a foreign power providing for such exclusion she can refuse to sanction it or become part of it by concluding a treaty involving such restrictions. A year ago, it is said, it would have been easy to conduct negotiations with China for the exclusion of Chinese laborers only. Now however, it is understood, the Chinese officials are disposed to regard the signing of such a treaty beneath the dignity of their government.

The reason for the assumption at Pekin of this new attitude is not quite clear to the officials in Washington, though in some circles it was attributed to the influence of foreign powers.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women *are* nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for either children or adults. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick streets.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption. Coughs and Cold which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 28, 1905.

THE AMERICAN public school system is a failure in the estimation of Mrs. E. C. Grice, corresponding secretary of the National Congress of Mothers. This declaration was made at one of the meetings of the New Jersey Woman's Suffrage Association, in session at Ocean Grove, N. J., Tuesday. Mrs. Grice went even further, declaring that everyone was aware that the system was a failure. After the meeting, in explaining her position, Mrs. Grice said:

I do not mind stating that I believe the present system is founded upon an entirely false idea of what education should be. Education is character building. But, first of all, in this most important formative period of the child's life we must work for all the qualities which go to make the manly man and womanly woman. Simply book learning, technical knowledge, is the very smallest part of character building in all-round training needed by the child. What are the public schools giving him? A little smattering of 50 different sciences from books. What are the ideals it holds before him? To get a higher percentage than the next boy. I was told when I went to school that our school life was intended to train our minds and teach us how to learn. That is not the thought today. It is to learn a confused mass of facts which the child cannot assimilate, for he has no ideals to guide him, no standards and, as the powers of his mind are undeveloped, no tools to work with. The teachers are not to blame. School should be the one place on earth where the ideal life is possible—the communal life, as we imagine it. At present it is far from ideal.

LITTLE NELL and Joe, the London street sweeper, have ever appealed to readers of Dickens's novels, and, although mythical characters, their adventures are read and reread with as much interest as though they had been real. Many things come under our observations to remind us of those creatures of the imagination and occasionally incidents to verify the correctness of the saying that truth is often stranger than fiction, as the following will show: On the eve of success after a pitiless struggle with poverty, Martha Webb collapsed in New York city Wednesday while on a street car, and was taken to the hospital in a serious condition from starvation. One thing which may retard the girl's recovery, the physicians say, is anxiety for a sick father and little brother who are depending on her for support. Martha, who is twenty-two, went to New York a few days ago from Fall River, Mass., where she had been employed as a weaver in the cotton mills. Strike troubles threw her out of employment, and necessity forced her to seek work elsewhere. When she arrived in the big city she had $2, most of which she paid for a room. The little she had was soon spent for food. She had tramped the streets in search of work and had eaten nothing for two days. The unfortunate girl had succeeded in obtaining employment in a printing office and was to have begun work tomorrow.

IN A recent hearing at the Department of Agriculture, at which Secretary Wilson, Assistant Secretary Hays and two representatives of an agricultural publication were present, the two last-named made charges that the wife of one of the scientists in the Bureau of Plant Industry owned stock in a concern manufacturing culture for soil inoculation, while the scientist was preparing bulletins portraying the culture as containing virulent forms of bacteria for making poor land rich. The scientist admitted that his wife owned the stock and that it was to come to him in the event that he severed his connection with the department and became bacteriologist of the concern, but that in the latter part of April he decided to stay with the department, and that the stock was no longer held in his family. This is another instance where a public trust is converted into a private snap.

THE NEIGHBORHOOD of Kalamazoo, Michigan, will soon become a haven for tramps. The will of Mrs. Almira Kramer, of that place, was read a day or two ago in the presence of the heirs, who were astonished by a trust fund of $10,000 to be used to feed tramps. Senator Burrows, who is named as trustee, will have direct charge of the money. All applications must be made by tramps at the police department, where each tramp will be presented with a ticket entitling him to a square meal at a restaurant. If the tramp wishes he may have a hot bath. It is a mooted question whether the intinerants will avail themselve of the latter privilege.

JOHN BROWN'S STATE was greatly excited last winter because Governor Hock escorted Booker T. Washington to the Hall of Representatives and introduced him as one of the greatest men of the time, and again when the governor sat next to a colored orator at a public banquet, On that occasion a republican club refused to attend the banquet because a negro was to make the principal speech. Now the Kansas republicans are convulsed over the fact that a negro editor has bought a house next to the governor's, and they are writing letters to the latter sarcastically congratulating him on his congenial neighbors.

CONDITIONS made apparent by the grand jury investigation of the recent primary election in Richmond render it not improbable that another election may be held. There was a searching investigation of only one precinct out of 23, and in this 37 ballots were found to have been marked by the same person. The conditions in others may have been similar, and there is a growing demand for a thorough overhauling. But what else can be expected in a city where its prominent men admit that they used money to secure the nomination of their favorites?

The charges alleging that "nitre-culture", the product to make sterile soil fertile, exploited for the benefit of a private concern, involve George T. Moore, who is in charge of the laboratory of plant physiology of the bureau of plant industry, of the Department of Agriculture, and his wife. The complainants in the case are representatives of the National Stockman and Farmer, of Pittsburg, and the firm which, it is alleged, offered Moore the position and placed stock of the concern in Mrs. Moore's hands, is the Westchester, Pa., Nitre-Culture Company. Moore said that he had received an offer of a $5,000 position from the Westchester Co., and that the stock was issued to his wife on condition that he accepted the place. He says that he turned down the offer and that the stock was then returned. The most interesting feature of the charges is that as the department's supply of nitre-culture ran out, applicants for same were advised to obtain it from the Westchester concerns which had been receiving quantities of it from Moore, direct from the department.

The resignation of George T. Moore, chief physiologist of the Department of Agriculture, was tendered Secretary Wilson this morning and immediately accepted. This act was taken as a result of the filing of charges that Moore had exploited "nitre-culture," a soil fertilizer, for his individual profit. Accompanying the resignation was a lengthy statement in which Moore defended his official conduct.

Third Assistant Secretary of State Peirce, who, under the direction of the President, is in charge of all of the arrangements for the meeting of the Japanese and Russian peace plenipotentiaries, has gone to Portsmouth, N. H. The President has given Mr. Peirce carte blanche in the matter of expense in arranging the details for the conference. Nothing will be omitted to maintain the dignity of the meeting and promote the convenience and pleasure of the plenipotentiaries. Secret service officers will be detailed to watch over the security of the distinguished visitors, and no outsiders will be allowed in the navy yard during the sessions. It has been definitely decided that the conferences will be conducted in the English language.

At noon today District Attorney Morgan H. Beach appeared before Justice Wright in the Supreme Court of the District of Columbia and moved that a rule be ordered citing F. H. Peckham and Moses Haas, recalcitrant witnesses before the cotton scandal grand jury, to show cause why they are not in contempt of court. Judge Wright immediately issued the following order: "Upon consideration of the report of the grand jury this day filed in open court, it is ordered that a rule issue forthwith against Moses Haas, requiring him to appear before this court at 1:30 today to show cause, if any he has, why he should not answer the questions as certified by the grand jury as being propounded to him and to which he has refused to answer."

In his presentment of the case to Judge Wright this afternoon District Attorney Beach explained that the ground upon which Haas refused to answer questions was that the answers might tend to criminate him. The questions were in relation to his place of residence; whether he was employed by the Department of Agriculture; whether he knew Holmes and Peckham. Haas was willing to answer if he had the assurance that his answer would be used only against Holmes, whose indictment on a charge of bribery is sought. District Attorney Beach did not give this assurance.

The Marine Hospital Service here received a dispatch from Surgeon J. H. White, at New Orleans, this morning stating that the statistics of the yellow fever outbreak for yesterday, the 27th, showed 26 new cases and two deaths. There are now 25 fever foci, in addition to the large original area where the disease first made its appearance. Dr. White closed his message with the statement that the situation was "very ugly." From Bay St. Louis, Miss, Surgeon Eugene Wasdin reported that a thorough inspection disclosed no suspicious fever cases. A cablegram to Surgeon General Wyman this morning from Surgeon C. P Wertenbaker, at Havana, reports that the steamer Mobile, from Mobile, Ala., and the schooner Sirocco, from gulf ports, have arrived in Havana harbor, each with a suspected case of yellow fever aboard. Governor Vardaman, and U. S. Senator Money, of Mississippi, joined in a telegram to Surgeon General Wyman today, urging that the federal authorities take control of local maritime quarantine patrol along the coast of that State.

China will, it is reported here, demand an indemnity of $100,000,000 for the damage done by the belligerents in Manchuria through the destruction of crops, burning of villages and other losses incurred by China in that province during the time it has been the battlefield for the Russian and Japanese armies. The demand will, it is said, be presented at the Portsmouth peace conference. It has been frequently stated that both the Russians and Japanese were paying the Chinese residents liberally for everything they took as a military necessary. It is, therefore, thought that China's real idea in suggesting an indemnity is to emphasize the fact that Manchuria belongs to her and must be restored to her intact.

News of the Day.

Owing to the presence of yellow fever in New Orleans the entire fruit trade of that port has been diverted to Mobile and yesterday the Louisville and Nashville and the Mobile and Ohio roads were taxed to their fullest capacity.

The case of the United States against Senator W. A. Clark, of Montana, involving a charge of defrauding the United States in the appropriation of timber on the public lands, was docketed in the Supreme Court of the United States in Washington yesterday.

A twenty-foot sperm whale was caught at North Long Branch N. J., yesterday. Fishermen fought the whale for nearly three-quarters of an hour before they could get a rope about him. Twenty feet in length, the whale weighs about 2,500 pounds. He is about a year and a half old.

A series of raids, in which more than 300 bettors were made prisoners, was conducted by Chief Collins, the new head of the Chicago police force, yesterday afternoon, after he had abolished Assistant Chief Schuettler's gambling detail and he had the war on gambling into his own hands.

In spite of armies of citizens organized to fight yellow fever in New Orleans, the pestilence has spread to an alarming extent. Panic stricken Italians fleeing from that city have borne the disease to various outlying regions, one even carrying the plague to Tampa, Fla. It is feared it will also break out in other Gulf cities.

Coal, railroad and dock properties said to be worth $50,000,000, largely owned in Columbus, Ohio, were combined into one company at a meeting held in New York yesterday. The combination will be one of the largest coal corporations in the world, and will be known as the Sunday Creek Company.

Everett Scott, aged 45 years, who resides 15 miles from Huttonsville, W. Va., committed suicide Wednesday by almost decapitating himself with an axe. Scott slit his throat from ear to ear with the heavy sharp instrument, and his head fell to one side. His son missed him Wednesday night and upon investigating found the father by the chopping block in the yard with his head almost severed from the body. It appears that Scott had whetted the edge of the axe. Ill health recently caused him to suffer from melancholia. He leaves a widow and six children.

The British channel fleet will sail for the Baltic Sea August 20, and will remain there through September. As it has been years since a British fleet appeared in that sea, the announcement is connected in the public mind with Emperor William's recent tour and the visit of a German squadron to Scandinavian waters. The cruise of the British fleet is regarded as designed to counteract the preponderance of German influence in Scandinavian politics. The admiralty, however, discourages the idea of politics having any bearing on the cruise, and says that the Baltic is an open sea and that the fleet is simply going there to execute maneuvers, ceremonious visits not being contemplated.

GEISHA GIRLS DANCE FOR TAFT PARTY.

Bankers and merchants of Tokio entertained Secretary Taft and Miss Alice Roosevelt at the Maple Club last night at a Japanese dinner, during which there was dancing by Geisha girls. The clubhouse was handsomely decorated and illuminated.

Shiba Park, surrounding the club house, was illuminated, and the driveways were thronged with crowds that cheered Miss Roosevelt and Secretary Taft.

From the centre of the capital the streets were illuminated, and there was a brilliant display of fireworks in honor of the Americans.

The Emperor and the Crown Princes of Japan Wednesday received in audience and entertained at luncheon the official members of the American party. Shortly before noon Secretary Taft was driven to the Imperial Palace in the state carriage.

At the palace the Imperial Princes and the Princesses, attended by the royal personages of the Emperor's household, the military and naval staffs, members of the Cabinet and Council of Statesmen, assisted in the reception of Secretary Taft and his party.

Minister Griscom made the presentations to the Emperor, while Mrs. Griscom performed a like office when the visitors appeared before the Empress.

After the presentations, all proceeded to the banquet hall, where the Emperor sat at the head of a large table in the centre, with the Crown Princess on his right and Princess Kanan on his left. Princes Fushimi and Kanan were seated on either side of Secretary Taft and Miss Roosevelt.

A garden party succeed the luncheon. The Emperor ordered his private park opened, and the Americans were driven through the grounds. The park was completed 300 years ago, and no foreigners were ever before admitted to it.

Would Wind Up the Equitable.

Papers were served in a suit brought in New York yesterday in the United States Supreme Court by J. Wilcox Brown, a citizen of Maryland and a policyholder in the Equitable Life Assurance Society, for the appointment of a receiver for the Equitable's $400,000,000 of assests and a "gradual and prudent" winding up of the society's affairs. The plaintiff alleges that there have been enormous losses to the policyholders through neglect and mismanagement, and that the society, having no funds which it may use to meet these losses, is insolvent. Mr. Brown also asked the court to direct the society to account for the policyholders' funds from the time of its organization, to order a distribution of the surplus, and to enjoin the officers and directors of the society from using any of the society's funds pending the trial of the suit.

Mr. Brown brought suit sometime ago against the society for the appointment of a receiver for the surplus, and his present action is supplemental to the former one. It was the amended bill of complaint which was served yesterday.

The Equitable Life Assurance Society's income for the first six months of 1905 was $88,799,138, an increase of $2,368,810 over the corresponding six months of last year, according to a statement which was submitted to the board of directors in New York yesterday.

The cotton gin, stable and other outhouses on the farm of Lewis Youngblood, in Prince George county, were destroyed by fire Wednesday night. Three horses and two cows were burned to death. Mr. Youngblood also lost 1,500 bushels of cottonseed and a lot of farming implements. The loss is $2,500, with no insurance.

Senator Martin was the guest of honor of the Richmond Howitzers last night, the occasion being arranged in recognition of his assistance in securing the promise of a new battery from the federal government, valued at $55,000. Senator Martin spoke at some length, and in a happy vein, and was loudly applauded. Mayor McCarthy and others also spoke. There was no political side to the affair, which took place in the big Howitzer Armory.

The Lynchburg News today prints an interview given out by Mr. Thomas F. Ryan, the well-known New York financier, relative to the recent report that he aspires to the United States Senate and that he would make an effort, in 1911, to succeed Maj. John W. Daniel, of that city. Mr. Ryan disclaims any political ambition. Mr. Ryan says: "I have repeatedly disclaimed any political ambition. I know of no better way for a man who has any to make defeat certain than for him to become a candidate against John W. Daniel for any office in the gift of the people of Virginia. Senator Daniel has earned the right to claim from them any office he desires and to retain it at his pleasure.

Frightful Accident.

The worst railway disaster in the United Kingdom for fifteen years occurred yesterday evening on an electrified section of the Lancashire and Yorkshire Railway in England. Twenty-two persons, including several children, were killed, and an unknown number, but supposed to be few, injured.

An electric express, which left Liverpool, was crowded with passengers. At Southport the train crashed into the rear of an empty train standing on a side track at the Hall road station. The body of the front car of the express was torn off, and the steel frame rose in the air and fell upon the passengers. Two other cars were overturned and one or two cars caught fire. It seems that most of the dead were instantly killed. More would have been killed but for the presence of mind of a Liverpool architect, who, seeing that a collision was inevitable, shouted to his fellow-passengers to throw themselves upon the floor of the car. Many were saved by this means. Almost immediately after the crash the wreckage burst into flames. The mangled bodies of the dead and the cries of the injured, vainly beseeching that they be extricated from the burning wreckage, formed a terrible scene, and many women on the platform fainted. The victims included several women and children. Fortunately, the badly injured number comparatively few. The cause of the collision is unknown.

Killed in a Street Car.

Killed instantly by a bullet fired into his brain, Charles Ahern kept his upright position in the seat of a Richmond street car until Hunter Herring, the man who is alleged to have shot him, was captured. The two were side by side, returning from a ball game. After the shot, Herring tried to kill himself, but the revolver failed to work. Herring sat still beside the corpse of the man with whom he had been riding and was at once secured by the car's crew and passengers, who later turned him over to the police. He denied having shot his friend, but loaded cartridges were found in his pocket. Herring asserted last night that Ahern attempted to shoot him, but he knocked the weapon up and Ahern was shot instead. The shot which killed Ahern passed through his right temple. Herring was a lineman in the employ of the Passenger and Power Company, and Ahern, a painter by trade, was without regular work. The men had apparently been excellent friends.

Today's Telegraphic News

Investigation Ordered.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., July 28.—Judge Witt today ordered an investigation of all precincts in connection with the recent primary election. The same grand jury recommends an inquiry which promises to last for weeks and develop many startling things.

Hoch Reprieved.

Chicago, July 28.—At the eleventh hour, Johann Hoch, convicted murderer and multi-bigamist, has received a ray of hope that he will not be executed for the murder of his wife, Mrs. Marie Welcker-Hoch. He is scheduled to be hanged between ten a. m., and noon today There is a prospect of securing the necessary $1,100 that was to allow him to carry his case to the Supreme Court of Illinois. At 10 o'clock Sheriff Barrett, State's Attorney Healy and Jailor Whitman held a conference and an agreement was reached to postpone to the last moment the death march to the scaffold pending the result of a heroic effort on the part of three persons interested in Hoch's case to obtain $600, the remaining sum necessary to complete the fund the condemned man seeks. These friends are canvassing for the money and express the belief that they will be able to raise the cash, in which event communication by long distance telephone with Governor Deneen at Springfield will be had, and a second reprieve for the bigamist probably obtained.

Dr. L. H. Montgomery a well known physician and Mrs. May Wilson, a woman of wealth, called at the jail at 10.30 o'clock, and announced that they had raised the amount needed by Hoch. State's Attorney Healy said that he would talk to the Governor, by telephone, at 11 o'clock. The saving of Hoch was one of the most sensational happenings the county jail has ever known. The death procession was forming and Hoch, dressed in black, was about to follow his spiritual advisers to the gallows, when Mrs. Wilson, and Dr. Montgomery appeared at the county jail. The State's Attorney consented that the hanging be delayed.

Springfield Mills, July 28.—At 1.45 Governor Deneen reprieved John Roch until August 25.

Zionist Congress.

Basle, Switzerland, July 28.—At today's session of the Zionist Congress, delegate Leopold G. Greenberg, of London, presented the report of the expedition sent to East Africa to explore the country, which the British government offered to place at the disposal of the Zionist movement for the establishment of an autonomous Jewish colony. The report closes as follows: "After an exhaustive study of the report of the expedition sent to East Africa, the executive committee regards it as inadvisable to recommend the realization of the East African project. At the same time, the executive committee recommend that the thanks of the Congress be conveyed to the British government for the generous offer and for its friendly feelings toward the Jewish nation."

Scenes similar to those of yesterday followed the reading of the report. Some desired to decline Englands profler with thanks, but the confusion was so great that it became necessary to adjourn the sitting.

Snake Bound Man to a Tree.

Altoona, Pa., July 27.—Bound fast to a small tree by the coils of a big blacksnake, Mayor James H. Alport, a coal baron and trolley magnate, of Cambria county, had an experience Wednesday which he believes would have resulted in his death if he had been alone.

Major Alport and his friend, Captain W. L. Maline, were walking near Barnsboro when they encountered a big snake, which the major tried to kill. It started to climb a small tree, and when he struck at it, it suddenly coiled itself about him and began to squeeze him against the tree. The Major was almost breathless when his friend killed the reptile. The snake was 10 feet 7¾ inches long.

Cow in Third Story.

New Orleans, La., July 28.—Some of the difficult conditions the sanitary committee has met with here in putting the city into the best shape to withstand yellow fever, are very pronounced. Yesterday the committee, in the Italian quarter, found a full grown cow in the third story of a building on Chartres street. They wondered how the animal got there, as the stairs were old and rickety, and would scarcely hold up the weight of a man. Upon investigation it was ascertained that the Sicilian had carried the cow up the stairs when it was a calf and raised it there.

Storms in Portugal.

Lisbon, July 28.—An immense amount of damage has been caused and several lives have been lost as the result of heavy storms which have prevailed recently throughout Portugal, and which have flooded large tracks of land. The lowlands in various parts of the country, especially in the Oliveira Do Hospital district have been inundated. Reports from different sections show that many lives have been lost in the flood. Hundreds of dead horses, cattle, pigs sheep, and other domestic animals are floating on the water. The loss will reach to a large figure.

General Kosloff Relieved.

Moscow, July 28.—As the result of the holding of the Zemstvos Congress in this city, recently, General Kosloff has been relieved as Governor General of Moscow. M. Durnov, former president of the municipality of St. Petersburg, has been appointed to succeed General Kosloff. The new Governor General is seventy years old, is very active and popular with the people. He is a believer in the idea of the extension of self-government in Russia, and his appointment gives general satisfaction.

Fields Sentenced.

Washington, D. C., July 28.—Thos M. Fields, a well-known attorney of this city, was today sentenced by Judge Wright to serve 5 years in the penitentiary. Fields was convicted by a jury in Criminal Court No. 1 for the embezzlement of about $16,000 of the funds of the Washington Beneficial Endowment Association. He will carry the case to the District Court of Appeals, he being in the meantime, out on bail.

AN ORDINANCE to provide for the granting by the City Council of Alexandria, to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the exclusive right to furnish electricity for light, heat, power and any other general purpose to the City of Alexandria and inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be granted in the manner prescribed in an act of the General Assembly of Virginia, approved May 20, 1903 the rights and privileges on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, which are embodied in the following draft of an ordinance:

An Ordinance to grant exclusive right to ——, its successors and assigns, to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria and inhabitants thereof, and to erect, construct, and maintain the necessary poles and fixtures, and to run wires on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

1. That — - ——, its successors and assigns, be and they are hereby granted the exclusive right to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria, and the inhabitants thereof, for a period of thirty years, and for the purpose of furnishing and supplying electricity for light, heat, power, and other general purposes they are hereby granted the use of the streets, highways and other public ways and places of said City, and are authorized to erect, construct, and maintain the necessary poles, fixtures, and other essential apparatus, to construct and maintain conduits, and to run and maintain wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, in order to furnish and supply electricity for light, heat, power and other general purposes to the City or to the inhabitants thereof, upon the conditions, provisions and limitations hereinafter set forth, as well as under these set forth in such ordinances of the City of Alexandria, as may be applicable thereto, and as are not in conflict with this ordinance and the amendments heretofore made or which may be hereafter made to such ordinances.

2. Each route shall be first determined upon by the City Engineer before any poles are erected, and the Committee on Streets may require the said ——, its successors or assigns, to use and occupy the poles already erected by any person or corporation before the running of wires along such route, provided that the City Engineer first deliver to the said ——, its successors or assigns, permission in writing from the owners of such poles already erected, to run and maintain other wires thereon, at reasonable rates to be fixed by agreement or arbitration. All wires run and all work done in pursuance of this ordinance shall be done in a good workman like manner, and of material suitable for the purpose, at the time the work is executed, and shall be approved as such by the City Engineer.

3. The rights and privileges hereby granted shall continue for thirty years unless sooner forfeited as herein provided for, and upon the termination or forfeiture of this grant the entire plant, as well as the property of said ——, its successors or assigns, located in the streets, public alleys, or other public places in the city, shall become the property of the City Council of Alexandria, upon the payment to the said ——, its successors or assigns, by the City Council of Alexandria, of a fair cash valuation of said entire plant and property, but the said—— shall be entitled to no compensation by reason of the value of the franchise hereby granted. In the event of the City Council of Alexandria and the said—— ——, its successor or assigns, being unable at least six months prior to the termination of this grant, or within thirty days after the forfeiture thereof, to agree upon a fair and just cash valuation of said plant and property, then and in that event, such valuation shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said—— ——, its successors or assigns, and the third (in case of disagreement by such arbitrators) by these two arbitrators, or, in the event of the the two so chosen being unable, within twenty days after the date of the appointment of whichever of the two was last appointed, to agree upon a valuation, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed, by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the three arbitrators so appointed, shall proceed to establish a fair cash valuation of said plant and propertys excluding the value of or any compensation for the franchise hereby granted, and upon the payment of the amount so established and fixed to the said — —, its successors or assigns, by City Council of Alexandria, the said plant and property shall thereupon vest absolutely in the City Council of Alexandria, and any expense incurred for compensation for the three arbitrators so appointed, shall be borne by the said— —, its successors or assigns, and the said City Council of Alexandria, equally.

4. The City Council of Alexandria expressly reserves the right to impose other reasonable regulations, conditions and requirements upon the said —— ——, its successors or assigns and to pass such other ordinances as may be necessary to secure efficiency of public service by said ——, its successors or assigns, at reasonable rates, and to compel the said —— ——, its successors or assigns, to maintain said plant and property of the said —— —— in good order throughout the term of this grant: and it is hereby expressly provided that for a failure to comply with any material provision of this ordinance or of any such regulation, condition, requirement or other ordinance, this ordinance may be declared forfeited by said City Council of Alexandria, and be repealed, and the franchise hereby granted be declared to be at an end, provided always that any such failure shall not have been made good by the said ——, its successors or assigns, within ninety days after written notification of such failure to said ——, its successors or assigns, provided always that any such failure resulting from the act of God, public enemy, strikes at home or abroad or from any other unavoidable accidents or events, shall not be deemed a ground for declaring the franchise, rights and privileges hereby granted repealed, forfeited or at an end.

And it is further provided that should the said —— ——, its successors or assigns, be compelled by virtue of any state or municipal law or ordinance to place its or their conductors or any portion or portions thereof under ground, that the City Council of Alexandria shall provide, at its own expense, the trench or trenches necessary for the burying of such conductors, said City Council bearing the entire expense and responsibility incident to the opening and closing of such trench or trenches and the proper relaying of the pavement thereby disturbed, and said ——, its successors or assigns bearing the entire expense incident of the furnishing and placing within such trench or trenches or the underground conductors and conduits so required.

5. For failure to comply with any material requirement of this ordinance the said —— ——, its successors or assigns, shall be liable to a fine of not less than ten nor more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the city treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

6. That the said ——, its successors or assigns, in the equipment of the poles, wires, fixtures or other works will use such appliances as are best designed to prevent injury by electrolysis to the water and gas mains and pipes or other public improvements of the city, and will pay to the City Council all damages to gas mains and pipes occasioned by electrolysis caused by the failure to use such appliances and will also indemnify and save harmless the City Council from all claims of damages occasioned to person or property growing out of injury from the failure to use such appliances. The said —— ——, its successors or assigns, agree and bind themselves to hold the City Council free and harmless from liability from any and all damages, except as herein otherwise expressly agreed, that may accrue to any person or persons or corporation or corporations on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair or operation of the works and fixtures hereby authorized, and whenever the city is liable therefore and shall be sued for such damage either independently or jointly with the said ——, its successors or assigns, on account thereof, the said —— ——, its successors or assigns, upon notice to it or them by the City Council will, except in a case where it is herein agreed that the entire responsibility for any stated work shall lie on the City Council, defend the city in such suit, and in the event of a judgment being obtained against the City Council, either independently or jointly with the said —— ——, its successors or assigns, on account of acts or omissions of the said —— - ——, its successors or assigns, then said —— ——, its successors or assigns, will pay such judgment with all costs, and hold the City Council harmless therefrom.

7. The said ——, its successors or assigns, shall have a telephone placed and kept in its or their central station and whenever it shall become necessary to have the current cut off the wires on any of its circuits during the progress of a fire, said —— ——, its successors or assigns, shall immediately, upon the receipt of a message from the Chief of the Fire Department, or his representative, have the current on such circuit cut off and allow it so to remain until notified by the said officer or his representative that the said current may be again turned on.

Should said —— ——, its successors or assigns, fail, at any time, to immediately obey any such message whenever given, it or they shall be liable to a fine of not less than ten dollars nor more than one hundred dollars for such failure.

8. The privileges hereby granted are given upon the following further conditions:

(a) That said —— ——, its successors or assigns, will, within six months from the date of approval by the Mayor of the city of Alexandria, the final ordinance granting the privileges herein contained, begin to construct the work hereby authorized, as herein agreed, and fully complete the same within twelve months after the approval of said ordinance.

(b) That said —— ——, its successors or assigns, will continue to push to completion such work as herein agreed, until said —— ——, its successors or assigns, shall be ready to furnish an adequate current for electric light, heat and power.

(c) That said —— ——, its successors or assigns, shall, before commencing work under the provisions of this ordinance, execute a bond with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of ten thousand dollars, conditioned upon the faithful construction and putting into operation, within the time prescribed, and for the proper maintenance of the plant and works necessary to secure efficiency of public service, and to protect the City Council from damages arising from suits or otherwise, for which said—— ——, its successors or assigns, are responsible.

Section 2. That upon the approval of this ordinance by the Mayor of the City of Alexandria, it shall be the duty of the Clerk of the City Council to cause to be advertised once a week for four successive weeks, in a newspaper published in the City of Alexandria, a draft of the ordinance contained in the foregoing section, and in addition, he shall, in such advertisement, invite bids for the franchise, privileges and rights proposed to be granted in the proposed ordinance, and also for the present electric plant of the city. The costs of this advertisement shall be reimbursed to the City Council of Alexandria by the person or corporation to whom the grant of this franchise is finally made.

The City Council will reserve the right to reject any and all bids. Every bidder will be required to file with his bid a certified check for five hundred dollars, payable to the order of the City Council of Alexandria, which certified check will be returned to said bidder on the rejection of his bid, or, if his bid be accepted and the above franchise awarded him said certified check will be returned on the delivery to the City Council of the bond mentioned in sub-section of Section C of section 8, above.

The bids are to be delivered to the presiding officer of the Common Council of the City of Alexandria, at the day and hour of the next regular session of said body in open session to be held next after such advertisement shall be completed, which bids, by said presiding officer, shall be then and there presented to the City Council, to be dealt with and acted on in the mode prescribed by law.

Section 3. This ordinance shall be in force from its passage

Swimming English Channel.

Dover, Eng., July 28—Inspired by the attempt made on Wednesday by Miss Kellerman, the Australian champion swimmer, and Edward Heaton, the Liverpool champion, to swim the English channel, a swimmer by the name of Burgess, claiming to be the Yorkshire champion, started to cross in the water this morning. Burgess entered the water at 7 o'clock, and struck out at the rate of a mile an hour. The water is calm, and weather conditions at the time of the start favored the attempt. At 2:30 this afternoon Burgess was half way across the channel and it is believed he will be able to finish his long swim. He swam slowly for the first four hours, when he had covered five miles, and then increased his speed swimming at the rate of two miles and a half per hour.

Chased by Naked Financier.

McKeesport, Pa., July 28.—David Ball Fish, one of the stanch business men of McKeesport, had an exciting experience here yesterday. He went in swimming in the Youghiogheny river on the outskirts of the town, and came up from a dive in time to see a small boy making off with all his clothes. Naked, the financier gave chase through the town until some police got him into a lumber yard and sent for a bed quilt.

Serious Famine.

London, July 28.—The correspondent of the Exchange Telephone Co., at St. Petersburg, wire that a serious famine is spreading in the district just outside of St. Petersburg. Measures have been taken by the authorities to prevent the people living in that district where there is suffering for lack of food, from entering the city.

Suicide of a Professor.

Rome, July 28.—A dispatch from Soffiano, states that Prof. Stivani, a director of Hescia Museum, committed suicide today by blowing out his brains beside the grave of his sweetheart.

New York Stock Market

New York, July 28.—During the last half hour the stock market has fallen somewhat below the top, but not enough so to permit a reaction. Probably the most prominent feature has been the almost entire absence of dealings for the short account.

The Accident to Earl Trimyer.

The distressing accident which befell Earl, the fourteen-year-old son of Mr. John H. Trimyer, near his home at Braddock Heights, yesterday afternoon, was announced in the Gazette. The youth after having been placed in the Alexandria Hospital had his right foot amputated half way between the knee and the ankle by Drs. Smith and Delaney. The circumstances in connection with the accident were substantially as given in the Gazette. Liemt. Smith, of the police force; Mr. Bernard Cline, Mr. Charles Baggett, Mr. E. W. Starnell and several others were shooting at clay pigeons, and the boy had been springing one of the traps. When the day's sport was about to close Mr. Starnell picked up his gun, which he had put on the ground while awaiting his turn to shoot, when in some unaccountable manner the piece was discharged and the shot entered young Trimyer's right ankle, almost severing the foot. A piece of rope was procured and tied tightly just below the knee to retard the bleeding, while the youth was being conveyed to this city on an electric train. The little fellow stood the operation remarkably well and his condition is said to be favorable.

Little Girl Burned.

Early last night Mazie, the little daughter of Mr. Guy Mander, was painfully burned near her home, southwest corner of Duke and Fairfax streets. The child was carrying a Chinese lantern when her clothing became ignited. Mrs. Charles Mander, grandmother of the little girl, who with others ran to her rescue, had her hands burned in extinguishing the fire. The child's arms and side were painfully burned, but it is thought that her injuries are not serious. The above should be an admonition to the many children in this city who habitually play with fire. There is barely a night on which people passing along certain streets are not made nervous by children carelessly handling blazing paper or dangerous paper lanterns. One species of diversion is to procure a lighted candle and hold it near the hand in order that the melted tallow can run thereon and solidify. Another pastime consists in lighting a newspaper and trailing it up and down pavements. Parents should take due notice and act accordingly.

Schedule Approved.

The Commissioners of the District of Columbia yesterday approved the new schedule of the Washington, Alexandria and Mount Vernon Railroad. Inspector Bradshaw looked over the details of the schedule and found that fifty-two trains will leave the terminals during the week days, as compared to forty-four in the old schedule. Sundays forty trains will be run, as compared to twenty-nine heretofore. The trains will have a seating capacity of from 88 to 104. There has been a marked improvement in the service recently by the double-tracking of the road, the purchase of extra motor cars and the running of additional trains.

Struck by a Train.

John Stewart, colored, was struck by an incoming electric train on King street, near Pitt, about 7 o'clock this morning and knocked down. A number of persons, including Officer Roberts, ran to the prostrate man, picked him up and, it being supposed that he was seriously injured, the hospital ambulance was summoned. Dr. Smith arrived in the meantime and examined Stewart and found that he had sustained no real injury, as the car had struck him a glancing blow. Stewart is the blind man who generally stands at the northeast corner of King and Pitt streets soliciting alms.

Fined Twenty-five Dollars.

Henry Davis, colored, was arrested yesterday by Officer Gill at the instance of Mr. Charles Lake, who charged him with taking his horse from a stable in this city and riding it during the night. It seems that after the animal had been worked throughout the day it was used for nocturnal purposes by Davis. The latter was brought into the Police Court this morning and fined $25. A case similar to the above occurred in this city several days ago, when two horses belonging to Mr. Robert Elliott were taken from their stable by two young colored men and used during most of the night.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Herbert Butler, colored, arrested by Officer Sherwood charged with forgery, was sent on to the grand jury.

Henry Davis, colored, arrested by Officer Gill charged with taking a horse from a stable was fined $25.

Luther Robinson and Janie Johnson, both colored, arrested by Officers Knight and Arrington, the first-named charged with assault and the latter with aiding a prisoner to escape, were fined $5 each.

Canoe Upset.

A canoe in which two young men were seated was upset by the steamer Norfolk yesterday evening and the occupants thrown into the river. Fortunately both could swim and nothing serious resulted. The young men had brought the canoe alongside the steamer as it was in the act of leaving the wharf at the foot of Prince street, and the waves caused by the propeller capsized the boat. Had the steamer backed, as it often does in leaving the wharf, it is likely that the canoe would have been smashed by the blades of the propeller.

Sent on to Court.

Herbert Butler, colored, who had been in the employ of Messrs. Dreifus & Sons, junk dealers, and who was arrested by Officer Sherwood at the Citizens' National Bank yesterday afternoon on the charge of forging his employers' firm name to a check for $150, was arraigned before Justice Caton in the Police Court this morning, and after hearing the testimony he was sent on to the grand jury. The accused was represented by Mr. C. C. Carlin. Butler denied his guilt.

Train Derailed.

Northbound Chesapeake and Ohio passenger train No. 2 (F. F. V.) was derailed at the coal bin at Charlottesville about three o'clock this morning. The accident was caused by a defective switch. It is said that no one was hurt. The train is due in Alexandria at 6:25 a. m., and an extra was made up which passed through this city about six hours after the accident.

Passed the Examination.

Messrs. S. N. Smith and Charles Sherwood, two of the four young men who took the civil service examination at the postoffice in this city on the 8th instant, have been notified that they successfully passed the same. The former will become a carrier and the latter a clerk in the postoffice.

Alarm of Fire.

The roof of a small frame house in the bottom east of the Free Methodist Church on south Lee street was discovered to be burning late yesterday evening, and an alarm of fire was sounded. The department soon reached the scene and the flames were speedily extinguished.

Armistice Not Probable.

New York, July 28.—Baron Komura and Minister Takahirra the Japanese peace plenipotentiaries have decided that no steps looking toward an armistice shall be taken until the peace commissioners of the two belligerents have actually met at Portsmouth.

It is pretty well understood now that the Japanese government does not wish for an armistice as it is felt that under its shelter the Russians would be less anxious to reach a settlement, and the Japanese plenipotentiaries will oppose any move toward an armistice.

It is well known that the President desires an armistice but he is not in a position to more than present his views indirectly. The attitude of the Russian commissioners when they arrive will probably have something to do with the adjustment of this question.

Pitman Killed.

Edward Reese, 29 years old, employed as a pitman by the Washington Railway and Electric Company, met a horrible death yesterday morning in the pit under the street railway tracks at Fifteenth and H streets northeast. His head was caught by the bottom of a moving car and crushed against the track, the body being dragged from the pit and badly mutilated. At this point the electric system of the car line changes from an underground to an overhead trolley. It is the work of the pitman to make the changes. In order to take off the underground trolley Reeves had to stand on a box in the pit and detach two wires connected with the bottom of the car. After the usual time necessary to make this change the conductor and motorman say that Reeves gave the signal to go ahead. When the car had gone about five feet a peculiar jarring was noticed. The car was stopped at once, and the discovery was made that the body of Reeves was tightly wedged in between the bottom of the car and the track. In order to remove the body the car was run backward and the lifeless body dropped back into the pit. Death was instantaneous.

Wireless Telegraphy Tests.

Lieutenant Kaiser, who had charge of the wireless apparatus on board the cruiser Brooklyn, flagship of Rear-Admiral Sigsbee's squadron, on the trip to France and return, has made a report to Rear-Admiral Massey, chief of the bureau of equipment, on the tests which were made during the voyage to determine at what distance wireless messages may be received aboard ship from shore stations. The lieutenant reported that the longest distance at which wireless messages were read during the daytime was 540 sea miles, and at night 1,100 sea miles, while a wireless signal was heard at a distance of 1,780 sea miles. The message received at a disiance of 1,100 miles, it was stated, came in so strong that doubtless it could have been heard at a still greater distance. Admiral Sigsbee, while in the English channel in a dense fog, sent a wireless message broadcast requesting that the American Ambassador at Paris and the American Consul at Cherbourg be notified of their coming. The messages were heard, the report stated.

Negro Rules Council.

It was learned Wednesday night that a deal had been effected between the six democratic members of the Wilmington City Council and Thomas E. Postles, the colored Addicks republican member, whereby seven city officials would be elected by the Council last night, to the exclusion of the six white anti-Addicks republican members. The negro, who holds the balance of power, named five officials, including a coal oil inspector, worth $50,000 a year, and the democrats will retain two places. The agreement was carried out at the meeting last night. This will widen the breach in Delaware, and have a direct bearing on the double United States Senatorial fight next year. The negro named his son as City Treasurer's clerk.

Gov. Montague.

Governor Montague addressed yesterday afternoon, at Leesburg, an enthusiastic audience in the interest of his candidacy for the United States Senate. The meeting was presided over by Joseph Norris, of Leesburg. The Governor was introduced by D. Bruin, chairman of the county committee. The Governor spoke about two hours. He attacked the public record of Mr. Martin, because, he said, it was public property, and as such the junior senator was amenable to his constituency for his acts as Senator. At 8 o'clock last night he addressed a large audience at Middleburg, and this afternoon he will speak at Rectortown, in Fauquier county.

Clubbed a Snake in Girl's Lap.

Miss Tillie Rough, of Berwick, Pa., one of a party of young ladies camping near Almedia, took a nap in a hammock swung between two trees Wednesday afternoon, and when she awoke she was horrified to find a copperhead snake coiled in her lap. Her screams for help brought Miss Katharine Cray and Edith Phillips to her assistance, who advised her to lie still, and they killed the snake with clubs. Miss Rough was greatly frightened, but escaped injury, with the exception of a few bruises caused by the club used by her friends. The reptile measured 30 inches in length.

Nineteen Indictments.

New Brunswick, N. J., July 28.—The Middlesex county grand jury today handed to the court nineteen indictments, the result of the slot-machine crusade here, which was started by Justice Fort. Last week the grand jury returned 14 bills in similar cases. The parties indicted are the owners of the machines and the saloons and stores in which the machines were found.

Persecution Spreading.

Vienna July 28.—Prominent Jews here have been advised that the persecution of Jews in western Russia is spreading and that the Jew-baiters are being encouraged by the authorities. At Vilna, 32 Jews were shot and at Czenstchau, army recruits lynched thirteen Jews.

TELEGRAPHIC BREVITIES.

Jerry Simpson, formerly Congressman from Kansas, who has been ill at Boswell, N. M., of heart disease, is much worse.

Harry von der Horst, secretary and part owner of the Brooklyn baseball club, died at his home in Brooklyn early this morning.

John Burton, nine years old, of Newark, while swimming in Millstone river, near Somerville, N. J., late yesterday, was seized with cramps, and was drowned.

Official report up to six o'clock last night, shows 206 cases and forty-four deaths from yellow fever have occurred in New Orleans. There were 26 new cases reported yesterday and two deaths.

In a desperate encounter in Owingsville, Ky., between the Mullins and Fleming factions of feudists, Sol Mullins, leader of the Mullins faction was killed, William Mullins wounded and Jeff Fleming fatally hurt.

Bishop Isaac W. Joyce, aged 67, one of the most prominent divines of the Methodist Church, died at midnight at Minneapolis, Minn., of a hemorrhage, sustained as the result of an attack while preaching at a camp meeting, July 2. He had been in church work for forty years.

No confirmation of the report that a train had been wrecked on the Duluth South Shore & Atlantic Railroad near Detroit Mich., in which fifty men were said to have been killed, has reached Detroit and no credence is placed in the report. A message from the train dispatcher of the South Shore, in whose territory the wreck was said to have occurred, states that no such accident has taken place.

The Tarantula Killing Wasps.

The tarantula killer is a bustling, unquiet creature. When running on the ground its wings vibrate continuously. When it sights its prey it flies in circles around it. The tarantula trembles violently; now runs and hides; now, rising rampant, shows signs of fight. The watchful huntress finds a favorable moment, darts upon its victim with curved body and thrusts in its sting if possible into the soft abdomen. Often the spider is at once paralyzed, but a second and even a third wound is sometimes necessary. The victor seizes its motionless prey with its jaws and drags it to a hole previously dug. She thrusts it in, deposits an egg upon it and covers it up. In this case the bulk of the tarantula insures sufficient food for the offspring, and one alone is provided, as seems to be the case with the cicada storing wasps. But the mud dauber and her ilk, which select smaller prey, garner many, rarely sealing a cell ere it is quite full.—H. C. McCook in Harper's Magazine.

Whittlers of Danvers.

One day a stranger strolled into the old Berry tavern at Danvers. A number of men were seated in the office and were asked by the newcomer, "Will you kindly tell me where I may find the Whittier house?"

A young business man, not a native of the town, to be sure, but who had lived in it a number of years and belonged to New England, spoke up, saying: "You mean Joe Whittier, the contractor? He lives at Danversport."

"No, no; I refer to John G. Whittier."

"John G. Whittier? Never heard of him. The only other Whittier in this town is Clarence Whittier, janitor of the town house. He lives on Essex street."

The stranger became both amused and impatient and said: "I am talking about John G. Whittier, the poet. He's dead, you know. I want to find out where his home was."

"Oh, well," said the young business man, with a sigh of relief at his ability to impart information, "if it's anybody who's dead go right over to Will Crosby, the undertaker, across the street. He'll tell you all about it."—Boston Herald.

The Hope of Misfortune.

Pain is a soul tonic. Sorrow often brings out the best there is in us. Happiness does not develop character. It gives it surface brightness and decks it with prismatic bubbles. It takes the deep reaching arm of misfortune to trouble the depths and bring out the pearls that lie there. The most magnetic faces are lined by thought and noble care. Strong, unselfish love, even if misplaced and unappreciated, ennobles the lover. It is the frivolous, vanity born emotions that fritter away character and make faces insignificant. To fail in high aim after earnest and honest effort is not failure. The gain it brings in strength and discipline will appear in other directions. Misfortune has often in the history of the world been the means of making a poet, orator, philanthropist, scientist or statesman out of a person whose career but for the misfortune or physical disability would have been commonplace and influence limited.—Medical Talk.

The Dog Spider.

The giant of the whole spider family is the "hound" or "dog" spider of Madagascar. Its body weighs almost a pound, and each of its eight legs is longer and larger in diameter than the common cedar pencil. Each of its mandibles is three-fourths of an inch in length and very strong. The dog spider does not spread a net and lie in wait for its prey, as do the gigantic bird spiders of Ceylon, but "follows the trail" in exact imitation of a hound. It will follow a faint scent to and fro through the weeds and underbrush until the course is ascertained and then suddenly dart off in a bee line and quickly overtake the lizard, rat, mole or other animal of which it is in pursuit. It has been known to capture and kill lizards a foot or more in length, and Professor Barnaby tells of one which pounced upon and killed a full grown rat. The dog spider is said to be the only variety among the larger species of spiders which is absolutely nonvenomous, there being no more danger in its bite than there is in that of a squirrel or a rabbit.

Indigestion Cured.

There is no case of indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

The Only Way to Cure.

To cure a cold when you have no cough—to cure a cough when you have no cold—to cure yourself when you have both—take Kennedy's Laxative Honey and Tar. The new idea, the original Laxative Cough Syrup. It contains no opiates and is best for coughs, colds, croup, whooping cough, etc. Pleasant to the taste and equally good for child or adult. Remember the name, "Kennedy's," and see that the red clover blossom and the honey bee is on the bottle. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Take no other. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick street.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,

jy26 10t JAMES R. CATON.

LEGAL NOTICES.

VIRGINIA.—In the Clerk's Office of the Corporation Court of the City of Alexandria, on the 28th day of June, 1905.

City Council of Alexandria, which sues for itself and for such other lien creditors as may come into, take part in and share the expenses of this suit vs. the unknown heirs of Richard Johnson, In chancery.

Memo. The object of this suit is to subject the following property in the city of Alexandria, Virginia, viz.: All that lot of ground beginning on the north side of Queen street 56 feet west of Lee street; then west on Queen street 18 feet; then north parallel with Lee street 58 feet, 5½ inches, more or less, to the middle of an alley; then east parallel with Queen street 18 feet; then south 58 feet 5½ inches to the beginning, with the right of way over said alley, to the payment of the lien of the City Council of Alexandria thereon for taxes, and all other liens.

It appearing by an affidavit filed in this cause that the defendants, the heirs of Richard Johnson, are unknown: It is Ordered, That said defendants appear here within fifteen days after due publication of this order, and do what is necessary to protect their interests in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the City of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city.
